Application Developer (React JS)

Webskitters Technology Solution Pvt. Ltd.

February 2024 – Present

- Develop scalable web applications using React.js and Next.js.
- Build and maintain responsive admin panels and enterprise dashboards.
- Implement TypeScript-based frontend architecture seamlessly.
- Integrate REST APIs, Firebase, and Supabase services efficiently.
- Collaborate closely with designers, QA teams, and backend developers.
- Optimize application performance, loading speed, and user experience.
- Develop reusable UI components and strictly maintain professional coding standards.

KEY PROJECTS

CommunitEE Golf

Next.js, TypeScript

- Built the complete Admin Panel entirely from scratch.
- Developed comprehensive golf course management functionalities.
- Created highly scalable administrative workflows and dashboard systems.
- Integrated backend APIs and state management solutions seamlessly.

Vibras

React.js, Next.js, TypeScript, Monorepo Architecture

- Successfully engineered project capabilities within a complex Monorepo structure.
- Developed and maintained 2 core React.js web applications.
- Built 1 highly performant, SEO-focused Next.js landing application.

OTHER PROFESSIONAL SKILLS

- Responsive Web Design
- Admin Panel Architecture
- E-commerce Integration
- SEO Optimization Strategy
- Performance Optimization
- Component-Driven Design
- Agile Methodologies

PERSONAL DETAILS

Date of Birth

12 January 1999

Nationality

Indian

Father's Name

Bholanath Guchhait

Address

Vill - Joypur, Post - Hansury, District - South 24 Parganas, WB - 743609

PROJECTS (CONTINUED)

Vibras (Continued)

- Implemented robust chat module functionality for real-time user engagement.
- Enhanced modern web application performance and modular maintainability.
- Built highly reusable enterprise frontend components.

Steelbird

React.js, Next.js, TypeScript

- Developed a robust and complete management Admin Panel.
- Built elegant customer-facing high-conversion e-commerce UI.
- Implemented intricate Cart, Wishlist, and step-by-step Checkout workflows.
- Integrated secure third-party payment processing architectures.
- Built scalable product management modules ensuring responsiveness.

MyWork24

React.js, JavaScript

- Developed foundational frontend modules and user experience features.
- Integrated backend API services securely.
- Successfully implemented bug fixing and feature enhancements.

PREVIOUS EXPERIENCE

Technical Team Leader / Floor Head

Royal Research

1.5 Years

- Managed complex technical content developer teams efficiently.
- Led cross-functional project execution and day-to-day team coordination.
- Supervised fast-paced marketing operations and workflow management.

Technical Team Leader

Student Life

5 Months

- Managed technical team activities, resource allocation, and workflow tracks.
- Coordinated timely project delivery and rigorous technical support setups.

EDUCATION

Bachelor of Technology (B.Tech) — Electronics & Communication

Greater Kolkata College of Engineering and Management (MAKAUT) | 2020
DGPA: 7.81

Higher Secondary: 69% | Secondary: 74.42%

CERTIFICATIONS

- Web Development using React JS Certification
- Vocational Training in Basic Telecom (BSNL)
- Vocational Training in Signaling System (Metro Railway)
